AKC Update Chris updated the club on recent conversation with Mike Liosis and Patti Strand regarding how we can move forward with AKC recognition since WVKC has refused to share their territory. Best advise is that we grow our Polk County membership base and designate Polk County as our official territory even though we will still have a big presence in Marion County. Once we get recognized, the territory issue is no longer monitored. Discussion of how we can do that. John Riedl recommends the Board consider naming a committee to study the issue and lead a Polk County membership drive. (*Sec'y note: Board met 12/20 to discuss*)

Meeting adjourned to continue the holiday festivities. Those who were unable to attend, missed another grand dinner, great friends, and lots of fun! Hope you can all join in next year.
